There may be a fee for this service. Some insurances reimburse for this service. For true life threatening emergencies call 911 or use the closest hospital emergency facility. Sutter Solano Medical Center (Address: 300 Hospital Dr. phone # 707-554-4444), John Muir Medical Center (Address: 1601 Ygnacio Valley Rd. HOSPITALS: Our preferred hospital is John Muir Medical Center in Walnut Creek or Oakland Children's Hospital. Many health plans will not authorize admissions to any other local hospitals. John Muir Medical Center has a full service pediatric unit staffed by qualified nurses and hospital based pediatricians (pediatric hospitalists). Pediatric Hospitalists are pediatricians who are present in the hospital 24 hours a day, 7 days a week. These physicians have specialized training in the areas of critically ill children, emergency care, trauma and all aspects of managing the hospitalized child. We may refer to U.C.S.F. or Stanford Medical Center if indicated.

Please note that our practice is NOT affiliated with Northbay Medical Center or Vacavally Medical Center. We DO NOT refer to these hospitals unless it's a life-threatening problem.
